

Thank you for purchasing Manga Studio 5

** Materials Installation Instructions **

The following describes how to install materials in Manga Studio 5:

1. Unzip the included archive to your hard drive.
2. Launch Manga Studio 5.
3. Installing Materials

- Windows users: Select [File] menu → [Material installation].
- Mac OS X users: Select [Manga Studio] menu → [Material installation].

When the message confirming the start of the material installer displays, click [Yes].

4. The Install Material pop up window will appear. Click [Select Material].
5. Search for the Material folder that was created when you unzipped the archive in step 1. Select the Material folder. Click [OK].
6. Click [Install].
7. When the Install Material message displays, click [Yes]. Installation of the material starts and its progress is indicated.
8. When installation of the material completes, a confirmation message is displayed. Click [OK].
9. When you are finished, click [Finish].
