

Poser® 8

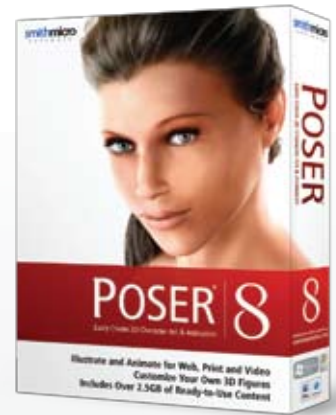

Easily Create 3D Character Art and Animation

The Easiest Way to Design with 3D Figures

Poser 8 is the world's most complete solution for creating art and animation with 3D characters. With Poser, it's easy to make 3D art. Get started right away with Gigabytes of ready-to-pose human and animal figures, textures, props and 3D scene elements. Generate new characters from your facial photographs. Add hair and clothing. Dress Poser's virtual stage with props, lights and cameras to build 3D scenes. Animate and render your scene into photorealistic images and video for web, print and film projects. Export 3D figures to add characters to other 3D applications. Get creative with Poser 8—perfect for artists, hobbyists, illustrators and animators!

New Features

Poser 8 combines 11 years of development with new high-resolution content and posing enhancements, more powerful rendering, breakthroughs in realism and animation, significant workflow improvements and much more.

Features

- **NEW!** User interface with improved workflow
- **NEW!** Includes 8 brand new, ready-to-pose, fully textured human figures
- **NEW!** Wardrobe wizard fits existing clothing items onto new figures
- **NEW!** Cross Body Part Morph Tool
- **NEW!** Improved rigging system for better bending of new figures
- **NEW!** Indirect lighting for global illumination effects
- Easy-to-use 3D character animation controls
- Over 2.5GB of ready-to-use content—no need to model 3D characters from scratch
- Render photorealistic or stylized art and animations for print, web or video
- Create 3D figures to use in other applications
- Seamlessly manage scene assets and content
- Fit existing clothing assets to new figures
- Create full body morphs

Pose, Face, Hair, Material, Cloth, Setup and Content rooms provide all the tools you'll need

Get Started Fast

Build scenes with Poser's ready-to-go content. Choose from male, female, child or animal figures, props, hair, clothing and more.

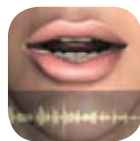

Custom Characters

Create unique individuals by photo mapping or changing the features, age and ethnicity of Poser's characters.

Rendering Styles

Poser's Firefly™ render engine is powerful and versatile, creating photorealistic, sketch, cartoon, silhouette, and Flash™ styles that complete any art project.

Lip Syncing

Make your favorite Poser figures speak. Talk Designer™ creates lip, head and eye movements to match your imported sound files.

Animate Easily

Poser includes automatic tools like Walk Designer.™ Keyframing is easy; simply click-and-drag over time to animate everything in the scene.

3D for Any Application

Create art for graphic and web design, fine art and illustration, pre-vis and storyboarding, medical illustrations, architectural design, comic books and more.

System Requirements:

Windows: XP or Vista; 700 MHz Pentium class or compatible (1 GHz or faster recommended); Windows® Internet Explorer® 7.

Macintosh: Mac OS X 10.4 or 10.5; 700 MHz G4 processor (Intel Core Duo or 1 GHz G4 or faster recommended).

512MB RAM (1GB or more recommended); OpenGL enabled graphics card or chipset recommended (recent NVIDIA GeForce and ATI Radeon preferred); 24-bit color display, 1024x768 minimum resolution; 2GB free hard disk space (4GB recommended); Internet connection required for Content Paradise; Adobe® Flash® Player 9; DVD-ROM drive (physical product only).
